

EP-76

ANGUS L. MACDONALD BRIDGE. This magnificent structure, linking Halifax and Dartmouth, is the second largest suspension bridge in Canada. Its total length is 4420 feet and the total weight of steelwork is approximately 8,200 tons.

Dear Kathleen, Sept 20/57
 Gretings from Halifax
 from our Boat House Tour.
 So far we are all feeling fine
 but we have two more weeks
 to go. I hope this little card
 finds you in the best of health.
 Love from Andy.
